The rewards of striving to be the best are even more meaningful in the development of our youth than they are in automobiles. That's why Mercedes-Benz USA is committed to educating and empowering the next generation of diverse leaders. To help equip them with the tools for success, MBUSA partners with two national organizations that invest in the futures of young people in communities across the country. As a Mercedes-Benz driver, you become a part of this effort to give hundreds of thousands of youth a better life today, and all of us a brighter tomorrow. *Learn more about how Mercedes-Benz USA gives back at [MBUSA.com/community](http://MBUSA.com/community)*

A nationwide network of youth sports programs, Laureus Sport for Good USA is focused on improving the health, education, employment and social cohesion of youth in underserved communities. Since 2012, Laureus USA has helped nearly half a million young people in 150 cities, and has supported the training of more than 8,000 coaches who serve as mentors in their communities. *To learn more, visit [laureususa.com](http://laureususa.com)*

## JOHNNY MAC SOLDIERS FUND

Johnny Mac Soldiers Fund helps to honor military service and sacrifice by providing scholarships to veterans and military family members, particularly the children of our nation's fallen and disabled. Since 2014, Johnny Mac has awarded over \$7.5 million in scholarships to more than 1,000 students. *To learn more, visit [johnnymac.org](http://johnnymac.org)*

# 2019 — CLS

Is it shallow to like something for the way it looks? If that were true, there wouldn't be photos in cookbooks, mirrors in clothing stores, or an eyewear industry. Chances are, if you don't like what you see on the surface, you won't bother to explore within. And that's where like turns to love. The original Mercedes-Benz CLS wasn't created to fill a need. It was designed to fill an unexplored niche, and satisfy an itch: A car with the romance, passion and athleticism of a coupe—but with a sensuous cabin entered via four sensible doors. And it's proven to be at once trendsetting and timeless. At the dawn of its third generation, the CLS remains true to its roots, and its surfaces—even as they draw tautly over its muscular frame. Underneath, industry-changing technology and intriguing luxuries are thrust forward by an electrified advancement of the classic inline-6 engine. You might still choose the CLS for its looks. But the deeper you look, the more deeply you'll love it.

**CLS 450**   **CLS 450 4MATIC**   **AMG CLS 53**

THE FIRST CLS DIDN'T LOOK LIKE ANY CAR THAT CAME BEFORE IT, YET IT INSPIRED ALL THE CARS THAT FOLLOWED IT. INTRODUCING THE THIRD GENERATION OF AN ORIGINAL.

# THE SHAPE

---

THE FIRST THING YOU MIGHT SEE IN ITS LINES IS HOW FEW THERE ARE. A CLEAN BREAK FROM THE BUSY CROWD, THE CLS BECOMES MORE ATHLETIC, ALLURING, AND AGELESS.

IT CONFORMS only to its individuality and a tradition of innovating, rethinking, and uniquely rewarding its driver and passengers. The grille leans slightly forward, into the future. Its body is at once fluid and tensed—like the pure, agile strength of the musculature within.

IT PERFORMS with a spirit that traces from the first auto race to a new generation of electrified power. The natural smoothness of an inline-6, turbo-boosted, pairs with an EQ Boost Integrated Starter-Generator that can add instant, seamless and efficient torque electrically.

# YOU'RE IN

## PERFORMANCE

THE INLINE 6-CYLINDER ENGINE HAS A HISTORY AT MERCEDES-BENZ. IN ITS NEW 100% BELTLESS, ULTRACLEAN, 48-VOLT ELECTRIFIED FORM, IT'S A BLAST TO THE FUTURE.

With a TWIN-SCROLL TURBO and a belt-free design, the new 3.0L inline-6 is a lightweight, low-friction powerhouse. Electric air-conditioning and steering pumps save energy.

Its EQ BOOST Integrated Starter-Generator can start the car, charge the 48V lithium-ion battery, make ECO-Start/Stop even smoother, and provide instant added torque, gas-free.

### HIGHLIGHTS

3.0L inline-6 turbo engine, 362 hp (CLS 450) or 429 hp (AMG CLS 53), with EQ Boost starter-generator

9G-TRONIC 9-speed automatic or AMG SPEEDSHIFT® TCT 9-speed transmission, both with shift paddles

4MATIC®\*\* or AMG Performance  
4MATIC+ all-wheel drive

Lowered suspension with selective damping, AIR BODY CONTROL®\*\* or AMG Sport Suspension based on AIR BODY CONTROL

DYNAMIC SELECT with drive modes including ECO, Sport+ and Individual

# PACKAGES

Putting four doors on a sporty coupe might make it more practical. But a 2019 CLS 450 Coupe isn't "practically" anything else. It's all-out advanced, unabashedly intelligent, and beyond seductive. A clean, new design language captures your attention with a whisper. Standard AMG® lower bodywork complements the stance of its 19" wheels<sup>1</sup> and lowered chassis. Shapely LED headlamps sweep back from a radiant grille that leans subtly into the wind. The cabin envelops its five occupants in finishes and features that are executed artfully and thoughtfully: A wave of wood flows from door to door and down a cascading console. Aircraft-type dash vents glow with the cabin illumination, or briefly show red or blue to confirm your climate adjustments. On the move, the turbocharged and electrified inline-6, paddle-shifted 9-speed, and selective damping suspension are swift, smooth and sure—even more so with the available 4MATIC® all-wheel drive. What you feel in a CLS 450 syncs with what you see: Seamless, seductive and smart, it wasn't created to feel practical. But its designers won't mind if you think it's practically perfect.

Four different 19" OR 20" WHEELS are available, with two styles you can choose at no charge. You can enhance the crisp handling even further with optional self-leveling, multimode AIR BODY CONTROL® and agile, all-season 4MATIC all-wheel drive.

**ADVANCED LUXURIES** elevate comfort and contentment, from heated front seats to Blind Spot Assist.<sup>7</sup> You can unlock the doors with a touch, open or close the trunk touch-free, and adjust many cabin features with your voice. Burmester® audio options include Surround and High-End 3D Sound.

Even without its EQ Power electric boost, the 3.0L TURBO INLINE-6 is a 362-hp rush. Together they can sprint from 0 to 60 mph in 5.1 seconds<sup>16</sup> (4.8 with 4MATIC). Direct Injection and multispark ignition self-tune on the fly, every few milliseconds.

**REFRESHINGLY FREE OF  
EXTRANEIOUS FLOURISH,  
THE CLS PROVES THAT  
UNDERSTATEMENT CAN  
BE EMPHATIC. IN THE  
CLS TRADITION, EXPECT  
THE WORLD TO LISTEN UP.**

Please see endnotes at back of brochure.

**VOLTAGE,  
PRESSURE  
AND PASSION**

**AMG**  
DRIVING PERFORMANCE

**TAKE ONE AMG-ENHANCED  
INLINE-6. ADD A TWIN-SCROLL  
TURBO. A 48-VOLT GENERATOR.  
AN ELECTRIC COMPRESSOR.  
AND 52 YEARS OF WINNING.**

Performance gets a **TRIPLE-BOOST** in the new AMG CLS 53. Its 429-hp inline-6 employs turbocharging, an EQ Boost Integrated Starter-Generator, and a new electric auxiliary compressor. The result is a torrent of lag-free torque—384 lb-ft from the gasoline engine alone—and a 0-to-60 time of just 4.4 seconds.<sup>16</sup>

**VARIABLE-TORQUE** AMG Performance 4MATIC+ can send up to 100% of the engine's torque to the rear set of 19" or available 20" wheels.<sup>1</sup> The self-lowering AMG Sport Suspension is based on AIR BODY CONTROL,<sup>®</sup> and included in the modes of AMG DYNAMIC SELECT.

### THE VALUE OF THE DIFFERENCE

Getting a new Mercedes-Benz may be a dream come true. But from the vehicle and its features to the company and its people, Mercedes-Benz aims to make every experience special—now, and for many miles down the road.

### MERCEDES ME CONNECT

More than a smartphone app with remote vehicle features, *Mercedes me connect* helps make your life easier, from the everyday to an emergency, and countless ways in between.<sup>2</sup> To learn more, visit [MBUSA.com/mercedesme](http://MBUSA.com/mercedesme)

### THE PERKS BEHIND THE STAR

The Star on the front of your Mercedes-Benz is also a symbol of the treatment you can expect when you're part of the family. It starts at your Mercedes-Benz dealer, where your sales and service teams are equipped to take the best care of your vehicle, and eager to take the best care of you. But you're part of a much bigger world of Mercedes-Benz, too—from special events, offers and partnerships, to exclusive perks for AMG owners like an online "lounge" and the AMG Driving Academy.

### GENUINE ACCESSORIES

Genuine Mercedes-Benz Accessories let you personalize your vehicle beyond its factory equipment. A range of items let you enhance its convenience, versatility, or appearance—all without compromising its legendary quality, safety or style.

From the Illuminated Star to a rear decklid spoiler, they're stylish. Whether helping you manage cargo, enjoy your electronic devices, or protect your car's finishes, they're functional. And they all fit like they're engineered for your car. Because they are. To see the line of accessories for your vehicle, visit [MBUSA.com/accessories](http://MBUSA.com/accessories)

### EASE OF SERVICE

Your Mercedes-Benz dealer makes it easy to keep your vehicle at its peak of performance. Thanks to *Mercedes me assist*,<sup>2</sup> so does your car. It can alert your dealer when maintenance is due, send diagnostic info, and even have its software updated over the air.

### ROADSIDE ASSISTANCE

The original manufacturer-provided Roadside Assistance Program is just a phone call or in-car button's push away, 24/7, to anyone driving your Mercedes-Benz. From a jump start to a tow to expert attention even before they arrive, the original still puts you first.<sup>26</sup>

### ENDNOTES

- \* Item is optional or not available on some models. See Packages and Options listing in this brochure or visit [MBUSA.com](http://MBUSA.com) for more information.
- Lower-aspect-ratio tires and accompanying wheels provide substantially increased treadwear, increased tire noise and reduced ride comfort. Serious wheel and tire damage may occur if the vehicle is operated on rough or damaged road surfaces or upon encountering road debris or obstacles. These tires are not designed for use on snow and ice. Winter tires mounted on appropriately sized and approved wheels are recommended for driving in those conditions. Models equipped with Extended Mobility tires are not provided with a spare tire.
  - All *Mercedes me* services operate only where cellular and GPS signals are available, which are provided by third parties and not within the control of Mercedes-Benz USA, LLC. *Mercedes me connect Assist Services*, 3 years of *Mercedes me connect* services including 3 years of over-the-air map updates, 3 years of live traffic information provided by TomTom,® 1 year of Concierge Service, and a 1-month trial (up to 1GB) of in-vehicle WiFi and streaming audio are included at no additional charge with new-vehicle sales and leases at an authorized Mercedes-Benz dealer. Subscriber Agreement is required for service to be active. Some services are only available on select vehicles. Your PIN is required to use certain services. Connection may be limited by cellular signal and other factors. Features may be introduced and updated at varying dates, and may also require a vehicle software update. Some services may be limited or restricted in some areas. Driver is responsible for complying with traffic and other laws. The *Mercedes me* Mobile App is compatible with Apple iPhone® models and Android-based phones, and may require a software update. See your dealer or [MBUSA.com/mercedesme](http://MBUSA.com/mercedesme) for details.
  - Car-to-X services are activated as part of *Mercedes me connect*. Connected services operate only where cellular and GPS satellite signals are available, which are provided by third parties and not within the control of Mercedes-Benz USA, LLC. See your dealer or [MBUSA.com/mercedesme](http://MBUSA.com/mercedesme) for details.
  - Audio/multimedia system must be turned on for system to operate.
  - Even the most advanced safety systems may not be sufficient to avoid an accident. Please refer to more detailed information on specific systems elsewhere in this brochure, at [MBUSA.com](http://MBUSA.com), and in the vehicle's Operator's Manual. Some systems may be optional.
  - Active Brake Assist may not be sufficient to avoid an accident. It does not react to certain stationary or

- suddenly moving objects or pedestrians, may not react in certain situations where objects cannot be clearly identified, nor does it recognize or predict the curvature and/or lane layout of the road or every movement of vehicles and pedestrians ahead. It is the driver's responsibility at all times to be attentive to traffic and road conditions, and to provide the steering, braking and other driving inputs necessary to retain control of the vehicle. Drivers are cautioned not to wait for the system's alerts before braking, as that may not afford sufficient time and distance to brake safely. See Operator's Manual for system operating speeds and additional information and warnings.
- Blind Spot Assist is a warning system only. Blind Spot Assist or Active Blind Spot Assist may not be sufficient to avoid all accidents involving vehicles in your blind spot and does not estimate the speed of approaching vehicles. It must not be used as a substitute for driver awareness and checking of surrounding traffic conditions. See Operator's Manual for system's operating speeds and additional information and warnings.
  - Rearview camera and Surround View System do not audibly notify driver of nearby objects and are not a substitute for actively checking around the vehicle for any obstacles or people. Images displayed may be limited by camera field of view, weather, lighting conditions and the presence of dirt, ice or snow on the cameras.
  - While the navigation system provides directional assistance, the driver must remain focused on safe driving behavior, including paying attention to traffic and street signs. The driver should utilize the system's audio cues while driving and should only consult the map or visual displays once the vehicle has been stopped in a safe place. Maps do not cover all areas or all routes within an area.

All fees and programming subject to change.
  - Requires an active subscription to *Mercedes me connect* In-car WiFi.
  - Display may not be visible with certain eyewear, including polarized glasses.

- Apple CarPlay™ is a product of Apple Inc. Android Auto is a product of Google Inc. Device and app providers' terms and privacy statements apply. Requires connected compatible device and data plan. Apps, content and features are selected solely by their providers. Connection to apps and streaming services may be limited by the device's network connection. Data usage is routed through device and subject to fees, charges and restrictions in user's wireless plan. Vehicle's factory audio/information interface, including COMAND® navigation, may not be used simultaneously with Apple CarPlay or Android Auto. When Apple CarPlay or Android Auto is in use, the steering-wheel voice control button accesses Siri® or Google voice recognition software for voice commands.
- Wireless charging and NFC pairing available only for devices with compatible technology and size. See Operator's Manual for more information. Devices sold separately.
- Heated and wood/leather steering wheel options may not be ordered together. Some color and trim combinations may not be available. Flat-bottom steering wheel included in AMG Line only with Black interiors. Round wheel included with all other interiors, or if heated or wood/leather wheel is ordered.
- Stated rates of acceleration are estimated based upon manufacturer's track results and may vary depending on model, environmental and road surface conditions, driving style, elevation and vehicle load.
- Driving while drowsy or distracted is dangerous and must be avoided. ATTENTION ASSIST® and Lane Keeping Assist are warning systems only. ATTENTION ASSIST, Lane Keeping Assist and Active Lane Keeping Assist may be insufficient to alert a fatigued or distracted driver of lane drift and cannot be relied on to avoid an accident or serious injury. See Operator's Manual for system's operating speeds and additional information and warnings.
- Unsecured cargo can become hazardous in a collision. Always secure cargo using the floor-mounted tie-downs.
- Active Distance Assist DISTRONIC® cruise control is not a substitute for active driving involvement. It does not adapt cruising speed in response to stationary objects, nor does it predict the curvature and lane layout of the road ahead or the movement of vehicles ahead. Active Steering Assist requires driver to hold steering wheel and be ready to steer vehicle at any time. It may not recognize lane markings in some lighting, weather and road conditions. It is the driver's responsibility at all times to be attentive to traffic and road conditions, and to provide the steering, braking and other driving inputs necessary to

- retain control of the vehicle. Drivers are cautioned not to wait for the system's alerts before braking, as that may not afford sufficient time and distance to brake safely.
- No system, regardless of how advanced, can overcome the laws of physics or correct careless driving. Please always wear your seat belt. Driver's deliberate steering inputs are required to initiate the system's action, and can override its intervention at any time. See Operator's Manual for system operating speeds and additional information and warnings.
- Drivers are cautioned not to wait for the system's alerts before braking, as that may not afford sufficient time and distance to brake safely. Braking effectiveness also depends on proper brake maintenance, and tire and road conditions. See Operator's Manual for system operating speeds and additional information and warnings.
- System cannot prevent a collision, and does not alert the driver of an impending collision or system activation. It does not intervene if vehicle is backing up, and does not apply the brakes if the vehicle is moving or if Active Parking Assist is operating.
- Parking assistance systems are not substitutes for driver attention to the immediate surroundings, as well as any people, animals or vehicles in or approaching the vehicle's maneuvering range. System cannot determine if a space is legally available or of a suitable surface for parking. See Operator's Manual for additional information, tips and warnings.
- The AMG Track Pace app is compatible with Apple iPhone® iOS update may be required.
