Active Distance Assist DISTRONIC

Activating/deactivating

- 1 Switches on or off Active Distance Assist DISTRONIC
- 3 Activates Active Distance Assist DISTRONIC with the current speed
- 4 Activates with the stored speed/pulls away with Active Distance Assist DISTRONIC
- Deactivates Active Distance Assist DISTRONIC

Changing the speed

- 2 Increases the specified distance
- Reduces the specified distance
- 3 Increases the speed
- Decreases the speed

Active Distance Assist DISTRONIC maintains a constant speed which has been stored. The lowest speed that can be set is 12 mph (20 km/h).

You can change the set speed:

- 1 mph step (1 km/h):** Briefly press rocker switch 3 up or down.
- 5 mph step (10 km/h):** Press rocker switch 3 up or down beyond the pressure point.

Using rocker switch 2, you can change the specified distance to the vehicle in front. The specified distance depends on the currently driven speed.

If rocker switch 4 is pressed upwards twice, Distance Assist DISTRONIC is activated with the speed restriction displayed in the instrument cluster.

Note that your vehicle may not be equipped with all of the features described.

Climate control

Operating possibilities for climate control

You can set automatic climate control using:

- The buttons on control panel 1 of the center console
- The air conditioning menu of the multimedia system

Air-conditioning function bar 2 shows the most important settings and the status of the automatic climate control system.

Automatic climate control panel

- Sets the temperature
- Sets the air distribution
- Sets the air flow, switches automatic climate control off completely
- Sets climate control to automatic mode
- Defrosts the windshield
- Calls up the air conditioning menu
If you press and hold the MENU button for approximately 4 seconds, automatic climate control will be reset to the basic settings.
Residual heat with the engine off
- Defrosts the rear window
- Synchronized operation
- Air-recirculation mode
The air in the interior is recirculated; the windows may fog up more quickly.
- Cooling with air dehumidification

Air conditioning menu of the multimedia system

To call up the air conditioning menu: Press the MENU button on the control panel up or down.

- Deactivates the cooling function of automatic climate control
- Changes the air flow
- Operates the automatic climate control in the rear
- Changes settings for all climate zones in the vehicle simultaneously
- Sets the intensity of the fragrancing system
- Freshens the air in the interior using ionization

- ② Touch Control for the on-board computer
Press: confirms the selection

Telephone/media functions

- ③ Main menu of the multimedia system
- ④ Touch Control for the multimedia system
Press: confirms the selection
- ⑤ Back button for the multimedia system
- ⑥ Accepts a telephone call
 Rejects a telephone call
Ends a call

Operating the Voice Control System

- ⑦ Adjusts the volume
Press: switches the sound on or off
- ⑧ Starts a dialog with the Voice Control System or cancels the current Voice Control System voice command
- Displays favorites

WARNING Make sure that you read the entire Operator's Manual. Otherwise, you may not recognize dangers.

Voice Control System

Starting a dialog

The Voice Control System allows you to comfortably operate the majority of the multimedia system's functions.

To say a voice command: Press the button and say a voice command after the acoustic signal.

i If a mobile phone is connected to the multimedia system of the vehicle via Bluetooth® and you press and hold the button, the mobile phone's voice control feature is activated.

Voice Control System help functions

- **General notes:**
Say the "Help Voice Control System" voice command.
- **Help for the current function:**
Say the "Help" voice command.
- **Help for a specific system:**
Say the voice command for the desired system, e.g. "Help telephone".

Examples

Voice commands for navigation

- "Navigate to Woodward Avenue, Detroit"
Starts route guidance to the named address.
- "Navigate to contact John Doe"
Starts route guidance to a contact in the address book.
- "Nearest gas station"
Further categories are also available: restaurant, parking lot and rest area.

Voice commands for telephone

- "Call Jane Doe"
Calls the number of a contact in the address book.
- "Latest calls"
Shows the latest calls.

Voice commands for audio mode

- "Station Z100"
Calls up stations which are in range or stored stations.
- "Play Moonlight Sonata"
Plays the named media file. All tracks available in the system can be used.

Note that your vehicle may not be equipped with all of the features described.

Overview of the multimedia system

You can operate the menus of the multimedia system using the controller, touchpad or Touch Control.

- ▶ **Controller:** Turn or slide in the direction of the desired entry.
- ▶ Slide to the left or right in order to open a menu.
- ▶ Confirm your choice by pressing the controller.

- ▶ **Touchpad:** Swipe in the direction of the desired entry.
- ▶ Swipe to the left or right in order to open a menu.
- ▶ Confirm your selection by pressing.

- Leaves a menu or switches to the basic menu
- Calls up or changes favorites
- Quick-access to audio sources

Favorites

Favorites allow you to quickly call up applications which you use regularly.

- ▶ **To call up the menu:** Press the button. The main functions are displayed.
- ▶ Navigate downwards. The favorites bar is shown.
- ▶ **To create your own favorite:** Select the desired function in the multimedia system.
- ▶ Press and hold the button until the favorites are displayed.
- ▶ Add your own favorite at the desired position.
