Dear Mercedes-Benz Owner:

This notice is sent to you in accordance with the requirements of the National Traffic and Motor Vehicle Safety Act.

Mercedes-Benz AG ("MBAG"), the manufacturer of Mercedes-Benz vehicles, has decided that a defect which relates to motor vehicle safety exists in certain Model Year ("MY") 2006-2007 vehicles, including C-Class, CLK-Class, E-Class, and CLS-Class. Our records indicate that your vehicle is included in the affected population of vehicles.

What is the CONCERN?

On certain MY 2006-2007 C-Class, CLK-Class, E-Class, and CLS-Class vehicles, the bonding between the glass panel and the sunroof frame might deteriorate over time. If the bonding adhesion were to deteriorate, the durability requirements might not be met, and could lead to a separation of the sunroof glass panel from the vehicle. A detached sunroof glass panel could become a road hazard, increasing the risk of a crash or injury for other road users.

What will your DEALER DO?

An authorized Mercedes-Benz dealer will check the glass panel bonding on the affected vehicles and replace the sunroof glass as necessary. **This service will be provided free of charge.** We are dedicated to always delivering the best customer experience, and respect for your time is a top priority. While the minimum repair time can be less than **2.5 hours**, your dealer can provide you with a better estimate of the overall time for this service visit. As a matter of normal service process, an authorized Mercedes-Benz dealer will also check for other repair measures which might be applicable to your vehicle which may increase the required working time.
