A maintenance plan as advanced as your Mercedes-Benz.

Mercedes-Benz Prepaid Maintenance* allows you to save on the cost of routine maintenance services, and protects against cost increases for parts and service. Most importantly, you'll have the confidence of driving a properly maintained vehicle for miles to come.

Why Prepaid Maintenance:

- Save up to 30% on routine maintenance costs—including parts, labor, and taxes**
- Retain the market value of your Mercedes-Benz with maintenance performed according to factory specifications
- Receive the attention and expertise you and your vehicle deserve
- Transfer plan to subsequent owners

*Mercedes-Benz Prepaid Maintenance is available for all models except Maybach, SLR, and SLS. Additional maintenance may be required according to your driving habits, mileage, and local environment. Driver is responsible for monitoring fluid levels and tire pressure between service visits. Please see Maintenance Booklet for details.

**Versus paying for services as you go. Savings may vary by dealer and model.

Plan options that fit your lifestyle:†

- If your vehicle is less than one year old and has fewer than 10,000 miles, you can purchase a two-, three-, or four-year package
- If your vehicle is from one to eight model years old with fewer than 80,000 miles, you can purchase a two- or three-year package

Once you've redeemed all of your services, you can purchase additional maintenance packages, as long as your vehicle meets the eligibility requirement at the time of purchase.

Payment options that fit your needs:

- Prepay in full
- Build the cost into your monthly vehicle payment (when purchased at the same time as your vehicle)

†Driver is responsible for monitoring fluid levels and tire pressure between service visits. See Maintenance Booklet for details.
