# Extra care. Inside and out.

You want your vehicle's carpet, fabric, leather, and paint to maintain its incredible look and feel. First Class Interior and Exterior Protection with DuPont<sup>™</sup> protective coating helps preserve your vehicle's carpet, fabric, leather, and paint against the normal wear and use that happens over time. Take a look at the advantages:

### **Interior Protection**

**Leather Protector** – Though tough in its own right, leather surfaces are still vulnerable to soiling and staining. DuPont<sup>™</sup> Interior Protection helps to prevent fading, discoloration and cracking of the interior finish by acting as a barrier to help keep mishaps from penetrating the surface.<sup>1</sup>

**Carpet and Fabric Protectors** – Carpet and upholstery fabric are exposed to spills, splatters, and everyday mishaps. DuPont<sup>™</sup> Interior Protection will help provide protection against staining, high temperatures, and discoloration. It is designed to make it easier to clean up spills and splatters, and extends the life of your vehicle's brand new interior.<sup>1</sup>

<sup>1</sup>Coverage does not guarantee the carpet, paint, fabric, or leather, alloy wheel or exterior headlight will, in all cases, be restored to its original condition. Not all types of damage are covered; for example, damage caused by certain common household substances is not covered. Coverage does not apply to theft, vandalism, fire, collision, rust, chipping or flaking paint, rips, tears, burns, punctures, damage due to corrosive materials, headliners or convertible tops. For stains caused by dyes or ink, remedy will be cleaning and professional redying of affected area. Remedy for exterior headlight is professional reconditioning only.

# **Exterior Protection**

**Paint Protector** – Oxidation from sun damage, bird droppings, water spotting, insects and tree sap are just a few of the adverse effects that can damage your exterior vehicle finish.

DuPont<sup>™</sup> Exterior Protection helps to maintain the beautiful high-gloss finish of your vehicle's exterior. Once applied, you can easily remove insects or debris that have landed on your vehicle. Additionally, your new alloy wheels will be protected from brake dust penetration and your exterior headlights from yellowing or clouding.<sup>1</sup>

# More coverage. More protection.

In addition to carpet, fabric, leather, and paint protection, you'll get the following added benefits:

- Product Warranty on new vehicles and pre-owned vehicles<sup>2</sup>
- No need for re-application
- Transferable to a subsequent owner<sup>3</sup>

Keep your Mercedes-Benz looking newer, longer. Ask your Mercedes-Benz dealer about First Class Interior and Exterior Protection today.

<sup>2</sup>New vehicle limited warranty includes professional reconditioning, repair or replacement of the subject surface. Pre-Owned vehicle limited warranty is limited to professional reconditioning and for repair only. <sup>3</sup>Warranty transferable to one retail owner for the remainder of the term at no additional cost. Transferred warranty will include professional reconditioning only.
