Genuine Mercedes-Benz Accessories

Make it *yours*.

Your Pre-Owned Mercedes-Benz is a vehicle built by a company legendary for its engineering triumphs, its racing heritage, and its commitment to luxury, quality, reliability and safety. Its unparalleled elegance and refined styling make it as distinguishable to the eye as it is superior in performance – creating an experience that can only be Mercedes-Benz. Define your experience. Make it uniquely *yours* with Genuine Mercedes-Benz Accessories for your Pre-Owned vehicle.

VALUE

Accessories purchased on CPO vehicles and financed through Mercedes-Benz Financial can be incorporated into your monthly payment.

OPPORTUNITY

With Bluetooth® technology and products like the iPod® Integration Kit, you have the opportunity to accessorize your vehicle with up-to-date technology.

CONVENIENCE

Installed, serviced, and supported by the “people who know your vehicle” – your local authorized Mercedes-Benz Dealer.

PERSONALIZATION

Make your Pre-Owned vehicle **YOUR** unique Mercedes-Benz experience.

GENUINE

Tested **FOR** your Mercedes-Benz vehicle, **ON** Mercedes-Benz vehicles, **WITH** Mercedes-Benz standards.

WARRANTY

Limited warranty coverage through all authorized Mercedes-Benz dealers for the duration of CPO Warranty or two years, whichever duration is longer.

We make it easy to recognize quality

Before a product can carry the Mercedes-Benz brand, it undergoes intensive quality testing to ensure it meets the superior standards that have become synonymous with the Mercedes-Benz name. Every aspect of our accessories, from durability and quality, to aerodynamics and safety, are painstakingly scrutinized to deliver optimum performance.

We don't just engineer a superior vehicle, we uphold our belief that whatever goes into your vehicle delivers the performance you deserve.

Serious protection ▶▶▶

Crash tests help to ensure optimum safety for even the smallest passengers in Child Safety Seats

Quality that lasts

What does this mean? That we care about the “details” as much as the “bigger picture”, we pay attention to products that – for some – aren’t always at the forefront of focus in addressing quality.

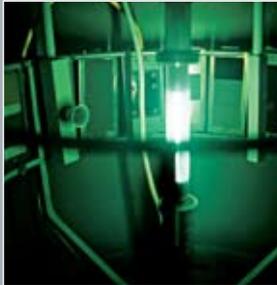

Floor mats undergo long-term tests to determine how resistant they are to wear and fading. Further testing makes sure that the interior materials aren’t compromised for appearance and comfort.

The engineers behind our products pride themselves on precision and develop accessories based on actual vehicle data so that they seamlessly integrate into your Mercedes-Benz, to help ensure an optimum driving experience.

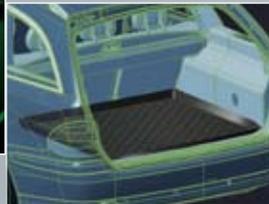

As you can see, quality does not involve making compromises. But when have we ever been known to compromise?

◀◀◀ **Commitment to last**
Floor mats are shown no mercy with long-term wear tests

◀◀◀ **Illuminating process**
Ensuring that blue and beige today are still blue and beige tomorrow

◀◀◀ **Tailor-made**
Products are developed using original CAD data from vehicle development

▶▶▶ **Quality at your feet**
Mercedes-Benz floor mats endure intensive testing in order to carry our brand

Flair. Personalization. Style.

YOUR TOTAL FREEDOM

YOUR SELF-EXPRESSION

YOUR UNIQUE STYLE

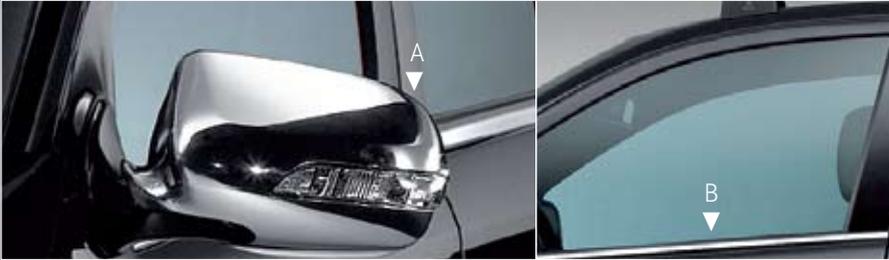

Make it yours.

Appearance Accessories

Expand the definition of style and beauty.

Mercedes-Benz is the ultimate expression of elegance and precision. Now make it uniquely yours—define yourself in an undeniable way with Genuine Mercedes-Benz Appearance Accessories. The rich selection of accessories will exceed your expectations for unique styling and a customized fit, allowing you to create the expression you deserve from your Mercedes-Benz.

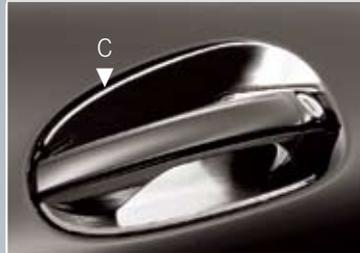

A ▶ Chrome Exterior Mirror Housings

These chromed exterior mirror housings perfectly complement the sparkling range of coordinating exterior refinements. Comes in a set of two.

B ▶ Chrome Window Trim

Dress up the exterior of your Mercedes-Benz with this chrome window trim. Constructed of the same material as the original factory parts, but chrome plated for lasting beauty.

C ▶ Chrome Door Handle Inserts

Help protect your finish from scratches and show a bit of style with these chrome door handle inserts. Comes in a set of four depending on model.

D ▶ Illuminated Door Sills

Light up your vehicle in eye-catching style each time you open the front door with these luminous blue-colored “Mercedes-Benz” stainless steel door sills. Comes in a set of two or four depending on the model.

Front Spoiler Trim

Emphasize the lines of your vehicle and give it an aerodynamic edge with this artfully integrated front spoiler.*

Chrome Headlamp Inserts

Add extra flair to the distinctive look of your Mercedes-Benz with chrome headlamp rings. Comes in a set of four.

Rear Spoiler, Primed

The rear spoiler enhances the sporty design of your vehicle. Tailor-made of high quality material for quick installation and a perfect fit.*

Chrome Front Grille Inserts

Add extra flash to the front of your vehicle with these elegant chrome grille inserts that complement the Three-Pointed Star in the hood of your Mercedes-Benz.*

Make it *yours.*

License Plate Frames & Trunk Handle

- A ▶ Trunk Handle: Made of stainless steel in polished or satin finish, this handle attaches to the trunk lid to help protect your vehicle.
- B ▶ License Plate Frames: Choose from several quality stainless steel designs in an assortment of durable finishes to enhance the appearance of your license plates.

A ▶ Rear Skid Plate & Front Skid Plate

Help protect the underside of your ML or GL from road debris and rocks with our rugged, exceptionally attractive, polished stainless steel skid plates. Front and rear skid plates sold separately.

Roof Crossbars

The elegant design of this crossbar makes it a visually appealing alternative to the Roof Rack Basic Carrier. It is an essential component for attaching a wide assortment of items to the top of your GL. Available in black or chrome. Comes in a set of two.

Chrome Side Step Bars

Use these polished heavy-duty stainless steel side step bars to ease entry and exit, or simply to enhance the profile of your ML or GL. Features integrated rubber-lined steps. Factory-designed for exceptional integration.

Side Running Boards

The perfect visual enhancement to ease entry for your ML or GL. Step surface made of stainless steel with rubber nobs prevents slipping when stepping on the surface.

B ▶ Chrome Grille Guard

Give your vehicle an aggressive look with this rugged polished stainless steel grille guard. Factory-designed for perfect integration into the front end of your ML or GL.

Aerodynamic Set, Primed*

Give your R-Class an even more dynamic look with our Aerodynamic Set, consisting of [C] Front Fender Extensions and [D] Roof Spoiler. Comes primed for painting. Parts not sold separately.

C ▶ Front Fender Extension

These attach easily and permanently to the corners of the R-Class front bumper, creating the illusion of a lower suspension.

D ▶ Roof Spoiler, Primed

Enhance the sporty character of your vehicle with this sleekly sculpted rear spoiler. Tailor-made of high-quality material for quick installation and a perfect fit.

* Not available for MY08 vehicles.

Genuine Mercedes-Benz Light-Alloy &
Exclusive Two-Tone Accessory Wheels

Make it *yours.*

Mercedes-Benz Exclusive Two-Tone Wheels

The profile is awe-inspiring. The performance is superior. Genuine Mercedes-Benz Exclusive Two-Tone Wheels combine state-of-the-art technology with a breath-taking style that is so seductively 'Mercedes-Benz'. Experience the allure of high performance beauty with Genuine Mercedes-Benz Exclusive Two-Tone Wheels.

20" Two-Tone Wheel

Available for S-Class & CL-Class

20" Two-Tone Wheel

Available for GL-Class & M-Class

Both wheels feature a black and polished finish.

Mercedes-Benz Light-Alloy Wheels

Embrace the superior and distinctive balance between design and performance with Mercedes-Benz Light-Alloy Wheels. Each wheel is engineered to the highest standards with an eye-catching style that is yours to experience.

18" Multi-Spoke Exclusive Forged Wheel

Multispoke forged wheel with bi-color finish and high-shine polish. Available for most CLK models.*

17" 6-Spoke Wheel, multi-piece

6-spoke, multi-piece wheel with sterling silver finish. Available for most CLK & SLK-Class models.*

18" 5-Spoke Wheel

5-spoke wheel with sterling silver finish. Available for most M-Class models.*

20" 10-Spoke Wheel

10-spoke wheel with sterling silver finish. Available for most S & CL-Class models.*

20" 5-Spoke Wheel

5-spoke wheel with sterling silver finish. Available for most GL-Class models.*

Wheel Hub Inserts

Add an attractive finishing touch to your wheels with these inserts. Available in various styles: (Black Laurel Star, left; Classic Star & Laurel, center; Sterling Silver with Chrome Star, right; Standard Silver with Chrome Star, not pictured; Titanium Silver, not pictured).

Tire Valve Stem Caps

A perfect finishing touch, these chrome plated ABS plastic valve-stem caps dress-up any wheel. Comes in a set of four. Available in black, silver, or AMG.

Wheel Locks

Wheel locks can provide a subtle but effective security touch to your vehicle, helping to protect your light alloy wheels and tires from theft.

Make it *yours.*

Make it uniquely yours—define your lifestyle with Genuine Mercedes-Benz Entertainment & Communication Accessories.

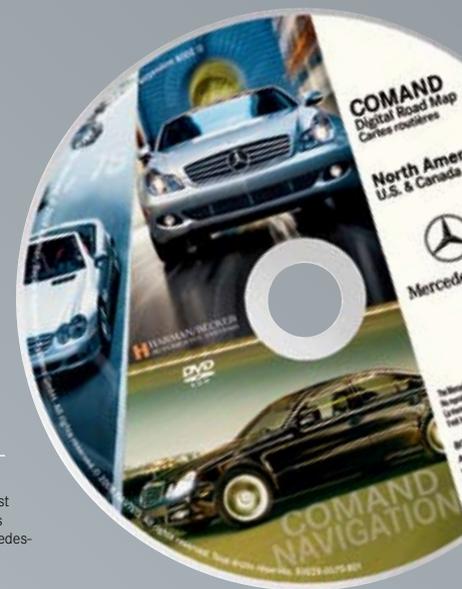

COMAND Navigation System

The Mercedes-Benz Navigation System* is a fully integrated system that combines Global Positioning System (GPS) technology with electronic mapping software to help you to plan trips, navigate detours and avoid getting lost. The Global Positioning System (GPS) satellites continuously track your vehicle's location, and while accessing the most up-to-date mapping information in order to give you the most accurate and efficient routes.

The system can route you through more than 6.1 million miles of navigable roads in the United States and Canada. Just enter the address on the intelligent destination input screen, and the system takes over, guiding you audibly and with a clear and detailed 7-inch LCD map display. Do you need an idea where to go? The Navigation System also offers 1.7 million Points of Interest in 40 categories including ATMs, restaurants, hotels, airports, museums and more.

Navigation Map Update

Notice how quickly the surroundings change: roads are added or diverted, restaurants open and close, hotels and hospitals are built, ATMs move. In fact, as much as 20 percent of the navigation data the GPS satellites rely on changes every year. That is why Mercedes-Benz offers reliable, and updated navigation data to help get you where you need to go, effortlessly. The Navigation Map Updates are available for purchase from your authorized Mercedes-Benz dealer.

* Navigation system data includes the United States (excluding Alaska) and Canada. Directional assistance provided only when GPS coverage is available. Maps do not cover all areas nor all routes within an area. While the navigation system provides directional assistance, the driver must remain focused on safe driving behavior, including paying attention to traffic and street signs. The driver should utilize the system's audio cues while driving and should only consult the map or verbal displays once the vehicle has been stopped in a safe place. See your authorized Mercedes-Benz dealer for availability and details.

YOUR CHAUFFEUR

YOUR ENTERTAINMENT

YOUR MUSIC

The Universal Media Interface (UMI)¹

Tune in to what drives you. And avoid what doesn't.

Now Mercedes-Benz can help keep you in touch with the rhythm of each unique day with the Universal Media Interface (UMI). UMI is a multifunctional navigation and entertainment center available as a standard audio system upgrade for most MY08 C-Class vehicles with a standard Audio 20 CD head unit. Together, UMI's map navigation and in-vehicle music integration allow you to keep your finger on the pulse of what drives you. Your music streams. Your commute routes. Your driving enjoyment – all accessed simply and conveniently through integrated steering wheel controls or the controller on the center console.

Moreover, with the UMI you will benefit from lifetime real-time traffic assistance², at no additional cost to help you avoid delays and frustrations on the road. The Universal Media Interface – tune in to what drives you.

It's your pace on the road. Your rhythm. Your choice.

Whether it's the fast-paced clip of a city, or free-flowing motion of the countryside, your life has a rhythm that's as unique as the music that moves you. It's the beat that keeps you in step with the world. Why leave it at home? The connection seems simple doesn't it? Now it is.

iPod® & iPhone® Integration⁴

Seamless integration shines with this one. Connect your iPhone or iPod and settle in to its familiar menu structure with the music you love. All music functions are accessed through the central controller which functions similar to an iPod track wheel.

USB Interface⁵

Listen to your favorite MP3 playlists by simply connecting any USB-based MP3 player or USB stick to the media interface in the glovebox. Audio controls are easily accessed via the Audio CD menu.

AUX Interface⁶

To us, nothing is truly forgotten, including the timelessness of classic favorites. Bring the past into the present by connecting your cassette or media player to the AUX-IN port on the media interface.

Wireless Audio Streaming⁷

Make the most of your mobile phone wherever you go. Simply activate your Bluetooth connection, turn the key and feel the freedom of bringing your world of music and rhythm with you on the road. Select your MP3 songs using the central controller.

Features include:

- ▶ The navigation map is easily viewable on the Audio 20 CD's 5-inch display.
- ▶ Route directions are voice outputted and indicated by arrow symbols and distance readings in the on-board instrument cluster.
- ▶ The driver can switch between a 2D & a bird's-eye view map display.
- ▶ The Navigation Map System³ is kept up-to-date with the purchase of map updates, making it easier to reach a destination effortlessly in a changing world.
- ▶ Map updates can be made easily via the USB port of the media interface in the glove compartment.
- ▶ TMC function (Traffic Message Channel) warns of congestion, delays, etc. . . and calculates alternative routes accordingly.

¹ UMI not available on vehicles equipped with factory-installed navigation system.

² Traffic information is not available in all areas. Navigation system data includes the United States (excludes Canada, Hawaii & Puerto Rico).

³ Maps do not cover all areas nor all routes within an area.

⁴ iPod and iPhone are registered products of Apple Computer. All iPod and iPhone devices are sold separately. Phone functionality of the iPhone is not supported. UMI supports USB charging (e.g. iPhone 3G).

⁵ Menu structures for some MP3 players may vary from the player to the vehicle display.

⁶ Control of devices connected via AUX-In port (non iPod/USB) is limited to volume control.

⁷ Audio streaming and mobile phone functions cannot be used simultaneously. UMI and audio device must first be paired before use. Required Bluetooth profile is not supported by all phones.

Media Integration: Your music. Your Mercedes-Benz.

Taking your personal music collection with you wherever you go has never been easier. Mercedes-Benz now offers seamless integration of your iPod/iPhone® into the audio system of your vehicle. With an interface that is compatible with any dock connector – equipped iPod/iPhone device, your iPod/iPhone charges while connected. Steering wheel controls and a visual display of the track information make your iPod/iPhone a perfect fit with your Mercedes-Benz.

Mercedes-Benz iPod Interface Kit⁹

The Mercedes-Benz iPod Interface Kit puts the control at your fingertips while playing your favorite music directly from your iPod or iPhone. Additionally your iPod will charge while it's playing. The iPod interface connector is located in the glove compartment, and is compatible with most iPod models.

Control your iPod by using your steering wheel buttons:

- A ▶ View the artist and title information displayed in the vehicle's instrument cluster.
- B ▶ Navigate within the iPod music menu.
- C ▶ Access the Main Menu and control the volume.

⁸ iPod and iPhone are registered products of Apple Computer. All iPod and iPhone devices are sold separately. Charging not supported with iPod/iPhone devices which support USB charging only (e.g. iPhone 3G).

⁹ The iPod Integration Kit and the iPod Cradle are compatible with dock connector-equipped iPod/iPhone devices, with the exception of the iPod Shuffle. The iPod Integration Kit does not support telephone functionality of the iPhone.

iPod Cradle⁹

This black felt-lined cradle holds your iPod or iPhone in the center console. The soft flocked surface blends perfectly into the center console of your vehicle and helps to protect your music player from scratches and damage.

Make it yours.

SIRIUS
SATELLITE RADIO
THE BEST RADIO ON RADIO™

¹⁰ SIRIUS Satellite Radio availability may vary by model year. Please see your dealer for details. Programming subject to change. Not available in Alaska, Hawaii or Puerto Rico. While the SIRIUS network of satellite and terrestrial antennas provides nearly seamless service throughout the contiguous U.S., SIRIUS service may be unavailable or interrupted for a variety of reasons, including environmental or topographic conditions; in certain locations such as tunnels, parking garages, or within or next to large buildings; or near other technologies that can interfere with the SIRIUS signal. SIRIUS, the dog logo and SIRIUS stream names and logos are trademarks of SIRIUS Satellite Radio.

¹¹ Antenna is not visible on the CLK Cabriolet and CL.

¹² See your dealer for a copy of the Mercedes-Benz limited warranty.

SIRIUS Satellite Radio¹⁰

Explore every avenue of entertainment. Together, you and your Mercedes-Benz travel busy city streets and quiet country roads. . . head to specific destinations or take a more impulsive trip of exploration. Whatever the destination, your Mercedes-Benz makes the journey a respite, a refuge, and a pure joy. Your car radio can do the same. With SIRIUS Satellite Radio¹⁰, you can also explore every avenue of entertainment – from 100% commercial-free music to exclusive sports to thought-provoking talk to up-to-the-minute news and weather. Whatever you choose, SIRIUS Satellite Radio makes the seemingly impossible possible. . . it makes you look forward to time behind the wheel of your Mercedes-Benz more than you already do.

One of the things that makes SIRIUS Satellite Radio unique is that it quickly becomes an integral part of your life. It provides traveling music, constant companionship, and vital information. You'll wonder how you ever did without it. SIRIUS Satellite Radio is integrated into your vehicle with all of the quality and care that you would expect of Mercedes-Benz.

System features include:

A ▶ Instrument Panel Display

Press the 'Info' button to display the artist and song on the highly-visible Instrument Panel Display.

B ▶ Steering Wheel Controls

Choose a station and adjust volume without taking your hands off the wheel.

▶ Streamlined Antenna

The visible evidence of your SIRIUS Satellite Radio is a small, low profile antenna. Available in the most popular colors to match your Mercedes-Benz, the antenna mounts on the vehicle's trunk lid or roof depending on the model.¹¹

▶ Listen Immediately

Whether your vehicle has a pre-existing SIRIUS radio system, or you choose to have it installed at the dealership, simply activate the service upon taking delivery and you can start enjoying SIRIUS immediately.

▶ Mercedes-Benz Warranty¹²

Dealer-installed SIRIUS Satellite Radio comes with a one-year warranty.

▶ Professionally Installed

Because it's a Mercedes-Benz accessory, you have the confidence of knowing that SIRIUS has been installed by Mercedes-Benz trained technicians, and can be serviced at your nearest Mercedes-Benz dealership if needed.

▶ Mercedes-Benz Quality

SIRIUS Satellite Radio meets the highest standards of Mercedes-Benz quality in its engineering, performance, and integration.

▶ Payment Made Easy

The price of the SIRIUS equipment can be included in the financing when you buy or lease your Mercedes-Benz. SIRIUS offers many different subscription offers – from monthly to lifetime. A six-month subscription is yours at no additional cost with the purchase of all required SIRIUS hardware. See your Mercedes-Benz dealer for details.

Interfaces for Hands-Free Communication System¹³

The Mercedes-Benz Hands-Free Communication System provides state-of-the-art communications technology with the engineering expertise of Mercedes-Benz. Unlike conventional systems, the Hands-Free Communication System seamlessly integrates into your vehicle and is engineered by Mercedes-Benz to provide optimum reception and sound quality while helping you keep your eyes on the road and your hands on the wheel. The Hands-Free Communication System is available with a selection of factory option packages that are compatible with most Bluetooth phones¹⁴.

System features include:

- A ▶ **Instrument Panel Display¹⁵**
View your phone book entries and Caller ID from your instrument panel.
- B ▶ **Steering Wheel Controls¹⁵**
Keep your hands on the wheel as you scroll through your phone book, adjust the call volume, and send, end, and answer calls.
- C ▶ **Audio System Display**
Access information directly from your phone including phone book entries, dialed numbers, phone status, caller ID, and text messages.

¹³ Always plug an approved phone into the cradle for use inside the vehicle or use the approved Bluetooth interface. Otherwise operating a non-approved phone or radio transmitter with its own attached or built-in antenna while the engine is running can interfere with the vehicle's electronic systems. For safety reasons, the driver should not use the cellular phone while the vehicle is in motion. We encourage the driver to stop the vehicle in a safe location before answering or placing a call. See your Mercedes-Benz dealer for current handset availability.

¹⁴ Telephone Cradles and the Bluetooth Interface Module are sold separately and offer a one year warranty. Bluetooth application for approved phones only. Available on select vehicles. Please see dealer for details about specific cellular handsets compatible with hybrid cradles. Mercedes-Benz Interfaces are not applicable for vehicles equipped with factory-standard Bluetooth in the headunit. Please visit www.mbusa-mobile.com for further details.

¹⁵ Supported functions vary by cradle or Bluetooth connection and handset model.

Bluetooth Interface Module¹⁴

With Bluetooth technology select phones can be connected wirelessly with the Hands-Free Communication System. You can keep your phone on your belt, in your purse. . . wherever it's convenient. Bluetooth supports hands-free audio and a variety of call handling functions. Select phones are supported by dedicated "Hybrid Cradles" offering similar functions as the Bluetooth Module with charging functionality and integration with the vehicle's external antenna.¹³

MHI Telephone Cradle¹⁴

With the MHI Telephone Cradle, your phone is stored securely out of the way, it is continually charged so you never have to worry about a depleted phone battery in the car, and it links to an external antenna to provide the best possible reception when placing or receiving a phone call. There are telephone cradles available to accommodate a selection of popular mobile phones for most major carriers.

Hybrid

Rear-Seat Entertainment System¹⁶

Who's riding in your back seat? Your kids' favorite superhero, a dashing leading man, or maybe it's your favorite comedienne? While the Rear-Seat Entertainment System is designed to keep your children entertained, it is ultimately designed for another purpose – to let you fully enjoy every aspect of your Mercedes-Benz experience. With your kids happily occupied, you'll realize that time flies when they're having fun. Your rear-seat passengers will enjoy crystal-clear DVD movies and music from a variety of formats. The 7-inch display easily flips up and is ready to take your kids into a world of crusading super heroes and conniving villains. Or with their own video game devices attached, your kids can navigate through asteroids and alien ships while you navigate to your destination. Wireless headsets keep the kids in their world and you in yours, so you can concentrate on getting there safely, with fewer distractions.

Pure Mercedes-Benz

The Rear-Seat Entertainment System delivers pure Mercedes-Benz quality in every way. Along with the highest quality picture and sound, the system is specifically engineered for automotive use and to fit seamlessly into your vehicle, fully maintaining the finely appointed interior that led you to Mercedes-Benz in the first place. It is pure entertainment for your rear-seat passengers, pure driving enjoyment for you, and pure Mercedes-Benz quality.

¹⁶ Mercedes-Benz recommends that children be supervised while using the system. Not for vehicles with Factory-installed Rear-Seat Entertainment System.

YOUR CHAUFFEUR

YOUR ENTERTAINMENT

YOUR MUSIC

Make it yours.

System features include:

- ▶ A conveniently located, shock resistant, state-of-the-art DVD player.
- ▶ A high-resolution 7-inch LCD color display that conveniently folds away when not in use for additional security.
- ▶ A specially designed remote control featuring a sliding cover that exposes key buttons such as Play, Pause, Rewind and Fast Forward. Picture quality controls and other advanced user options remain covered.
- ▶ Two high-quality wireless headsets for tangle-free operation and easy storage.
- ▶ Auxiliary jack enables the use of gaming devices (gaming hardware not included).
- ▶ The Entertainment System supports movies in DVD format and music in CD, DVD and MP3 formats.

Mercedes-Benz Tele Aid

Connections that drive you

Mercedes-Benz Tele Aid helps you stay
connected ...to your way of life

⋯ YOUR TRAFFIC RESOURCE

⋯ YOUR ROADSIDE ASSISTANCE

⋯ YOUR PEACE OF MIND

Appointments. Destinations. Anniversaries. Trips. Planning ahead. Playing catch-up. All part of your everyday life. All the more reason to have Mercedes-Benz Tele Aid.¹⁸ This rich suite of technologically advanced services can be made available to you at your fingertips — by simply pressing a button you can stay connected to your way of life, while getting the most from your Mercedes-Benz experience each and every day. Why? Because your time is valuable... because your cargo is precious. . . because we promised you a Mercedes-Benz.

¹⁷ Roadside Assistance repairs may involve charges for parts, service, and towing. Vehicle must be accessible from main roads. Depending on the circumstance, these services may be provided from an outside service, courtesy of Mercedes-Benz Roadside Assistance. Every attempt will be made to assist a customer; however, circumstances such as restricted roadways, acts of nature, and vehicle accessibility may limit our ability to provide services to you. For full details of Sign and Drive services, as well as the Roadside Assistance Program, please see your dealer.

¹⁸ Tele Aid equipment is standard on many Mercedes-Benz vehicles. First year's Mercedes-Benz Tele Aid Package is provided on new vehicles at no additional cost. Subscriber Agreement required for service to be active. Service operates only where cellular and Global Positioning Satellite services are available. Some services only available on select vehicles. See your dealer for details. Due to a recent FCC ruling analog wireless networks are no longer available. MY 2000-2004 vehicles and select 2005 vehicles were built with an analog system would need to be upgraded to digital in order to maintain Tele Aid service. Please see your dealer for details.

Making the Connection in Your Vehicle

Simply push the button you need and you will be put in contact with the appropriate Mercedes-Benz Response Personnel or service.

i-Button

Push the *i*-Button to get information – about your vehicle's systems, for access to route assistance, or to access a range of traffic and destination services. With the Concierge Package, the *i*-Button also connects you to the Mercedes-Benz Concierge, who can assist you by recommending hotels, making reservations, or even ordering gifts.

Wrench Button

Push the Wrench Button for roadside assistance¹⁷ if you get a flat tire, run out of fuel, see a warning light on your dash, or for help with other mechanical issues. The Mercedes-Benz Tele Aid system automatically transmits information about the vehicle and its location. Service personnel can then be dispatched to assist as needed.¹⁶

SOS Button

Push the SOS Button to have us contact emergency services if you need help or see someone that does. Additionally, when an airbag or seatbelt Emergency Tensioning Device is deployed, the vehicle automatically notifies the Tele Aid Response Center. If voice contact cannot be established with you or if you request assistance, emergency services will be notified.

Making the Connection Online

The Owners Online portal found at mbusa.com lets you personalize Tele Aid services such as Enhanced Traffic Information. It also gives you access to the Online Concierge.

Many Mercedes-Benz vehicles come Tele Aid-ready and only require a few moments to subscribe to one of our available packages and activate service. Your dealer can advise you whether the pre-owned vehicle you are purchasing requires a retrofit to upgrade its Tele Aid service to digital¹⁶ so you can best benefit from all the available features.

Utility & Care Accessories

Make your Mercedes-Benz as functional as it is beautiful.

When you drive a Mercedes-Benz, you gain an experience on the road that is unique to your life, and as individual as the roads you choose to travel in your vehicle. Make the most of your experience with Mercedes-Benz Utility & Care Accessories, custom designed with seamless integration, every accessory is engineered with the superior quality and uncompromising standards both you and your vehicle deserve. Make it yours.

Mercedes-Benz Child Safety Seats¹⁸

- ▶ Designed and engineered to the same uncompromising standards as our vehicles
- ▶ Crash-tested for safety and durability
- ▶ EPS (Expanded Polystyrene) impact foam around critical areas to maximize both safety and comfort for your child
- ▶ Removable, washable seat covers in a soft textured grey fabric to complement any vehicle interior
- ▶ Compatibility not limited to only Mercedes-Benz vehicle

Baby Safe Plus Infant Seat

- 0-15 months, up to 29 pounds or 31 inches long
- ▶ Integrated support for head and neck safety
- ▶ Full canopy for sun and wind protection
- ▶ Comfortable 3-position carry handle
- ▶ Variable angle recline adjustment
- ▶ Rear-facing installation only
- ▶ Universal-LATCH system compatible

DUO Plus Toddler Seat

- 1-4 years, 20-40 pounds
- ▶ Push-button harness for easy adjustment
- ▶ Standard "TopTether" belt for added security
- ▶ Sculpted base, multi-angle recline
- ▶ Back area ventilation areas
- ▶ Universal-LATCH system compatible

KID Booster Seat

- 3½-12 years, 40-79 pounds or up to 57 inches tall
- ▶ Side-impact protection for head and body
- ▶ Adjustable head and back rest for growing kids
- ▶ Contoured, slip-resistant base
- ▶ Lightweight, folding design for easy installation and transport

¹⁸ All Mercedes-Benz Child Safety Seats are equipped with BabySmart™ Technology - exclusive to Mercedes-Benz - which automatically deactivates front passenger air bags when properly installed in the front passenger seat of system-equipped vehicles. Most Mercedes-Benz vehicles from MY1998 through 2003, select models from 2004 through 2006, and current G-Class vehicles are equipped with BabySmart™. Mercedes-Benz vehicles equipped with BabySmart™ have a device that recognizes the presence of BabySmart™-equipped child seat when properly installed in the front passenger seat and deactivates the passenger front air bag (check your vehicle's Operator's Manual or labels located on the sides of your dashboard to verify).

All current Mercedes-Benz models are equipped with the Occupant Classification System (OCS) (with exception of the G-Class) which is designed to turn off the front passenger's front airbag when the system senses the weight of a typical child 12 months old or less plus the weight of a standard child restraint. See vehicle's operators manual for important additional information on this system and further information regarding the transportation of children heavier than a typical 12 month old.

All Mercedes-Benz child safety seats meet or exceed U.S. Department of Transportation standards. They are also suitable for use in older vehicles that do not have integrated LATCH (Lower Anchors and Tethers for Children) attachment points. Visit the National Highway Traffic Safety Administration's website at <http://www.NHTSA.gov> for additional information about child safety seat laws and proper use.

Roof Rack Basic Carrier

Our basic carrier is an essential component for attaching a wide assortment of items to the top of your vehicle. After easy installation, you can securely attach and lock bicycles, ski & snowboard racks, or a cargo container. (Racks and containers are sold separately).

Hitch-Mounted Bicycle Rack

This bicycle rack includes numerous updated design features to keep one or two bikes secure and your vehicle protected against damage. One innovative feature allows secured bicycles to pivot for cargo area access. Requires Trailer Hitch (sold separately).

Bicycle Rack

This rack securely holds a single bicycle and attaches to the Roof Rack Basic Carrier (sold separately). Up to two bicycle racks may be supported on the Roof Rack Basic Carrier. Lock set available (sold separately).

Luggage Sets

A ▶ Large Luggage Set: Four bags plus two matching ski bags, designed to make perfect use of the space available in the roof box. Made from durable, weather-resistant materials. (Ski bag also available separately, each designed to hold max. two pairs of skis).

B ▶ Small Luggage Set: This set of four sporty and functional bags is designed to fit inside our Small Roof Cargo Containers (sold separately). Made from durable, weather-resistant materials. Shoulder straps included.

Roof Cargo Containers

Create additional space for sports equipment and luggage with one of our aerodynamic, high-quality roof containers designed to complement your vehicle. Constructed of lightweight, yet exceptionally durable, impact-tested thermoplastic material. Features pressurized struts for easy lid operation and a security lock. Comes in silver finish. Small model holds 11.5 cubic feet. Medium model holds 14 cubic feet. Large model holds 16 cubic feet. Requires Roof Rack Basic Carrier (sold separately).

Ski & Snowboard Rack, Standard

This rack is made to tote up to four pairs of skis or two snowboards atop your vehicle. Requires Roof Rack Basic Carrier (sold separately), which can accommodate two snowboards or four pairs of skis. Compatible with Roof Crossbars or Roof Rack Basic Carriers.

Spiral Lock for Bicycle Rack

Secure your bicycles atop your Mercedes-Benz with this spiral steel lock that attaches to the bicycle carrier. Separate spiral locks available for one, two or four bicycles.

A ▶ Carpeted Floor Mats

The custom-designed carpeted floor mats offer a classic look and feel for your Mercedes-Benz. Offered in various colors to match your interior. The hard-wearing material provides optimal protection against dirt and dampness and the quality construction ensures a lasting product. Sold in sets of two or four, depending on model.

B ▶ All-Season Floor Mats

These custom-designed rubber floor mats are a great way to keep the carpet in your vehicle in top condition. Deep channels trap water, mud and melting snow. Easy to clean. Available in black, grey or beige. Set includes four mats for front and middle row seats. Set of two for 3rd row seats sold separately.

Coat Hanger

Robust coat hangers made from chromed metal and plastic. Easy to attach to front head rests. The ideal way to transport items of clothing without creasing them. The coat hanger must be removed when the rear seat is occupied.

Cargo Nets, Floor/Rear/Side

Versatile and convenient, strong and durable nylon nets help you to secure objects in the back of your vehicle. Rear net may be attached to the loading sill. Each net is sold separately.

Anti-Slip Mat

Prevents slipping of the items placed in the trunk. Tailored to perfectly fit dimensions of the cargo area. Made of oil resistant polyester.

All-Weather Floor Liners

Designed specifically to match the precise contours of the floor of your vehicle, these quality flexible plastic floor liners feature high sides to contain dirt and liquids for the best possible carpet protection. Available in black, grey and beige. Set includes four tailored floor liners for front and middle row seats. Set of two for 3rd row seats sold separately.

Sheepskin Seat Cover

Cool in the summer and warm in the winter, these sheepskin seat inserts are tailored to the front seat to provide an excellent fit and long-term comfort. Set of two. Available in black, beige or grey.

Rear Seat Cover

This durable rear-seat cover is made of high strength polyester with a vinyl backing. So, whether you're carrying wet gear or your four-legged best friend, your vehicle is protected. Available for the 2nd and the 3rd row seats.

A ▶ Cargo Area Tray

Protect the floor of your trunk with this durable, easy-to-clean plastic insert with 2" sides. Formed to perfectly fit the trunk cargo area of your vehicle.

B ▶ Cargo Boxes

The cargo box can be separated out with using fixed elements in 4 different parts and offers a optimized possibility to store shopping bags. Only installed in combination with cargo area tray.

C ▶ Flexible Cargo Stabilizer

This durable nylon and velcro-clad foam piece offers firm lateral hold and helps protect objects from sliding around under normal driving conditions. Measures 36" x 2" x 2".

D ▶ Collapsible Shopping Crate

Make your next trip to the market more convenient with this collapsible shopping crate. To save space, it folds flat when not in use. Dimensions folded: 2" x 13" x 18".

Plexiglass Wind Screen

Three-piece set for enhanced comfort when driving with the top is down. The transparent plexiglass plate and two nets for the rollover bars can be precision-fitted to the vehicle in a few simple steps.

Mud Flaps

Designed to match the contours of your Mercedes-Benz, these durable, black plastic mud flaps will help protect your vehicle from loose road debris, rocks and salt. Available in pairs for the front and the rear.*

UVS-100™ Sunshade

Like SPF100 for your dashboard

Keeps the inside of your vehicle cool, while protecting the interior all year long from harmful UV rays. Practical and durable. Made of reflective fabric laminated to a foam core.

Battery Trickle Charger

For those extended periods when your Mercedes-Benz will not be used, this charging device will help ensure that your battery is fully energized when you need it.

A ▶ Dust Cover

Protects your vehicle from dust, dirt and scratches in enclosed spaces such as garages. The outside of the cover is made from breathable, hard wearing synthetic material and the inside from a soft flannel style fabric. The Mercedes-Benz star on the hood and the pale silver color ensure your Mercedes-Benz has a refined look, even when covered.

B ▶ Car Cover

This UV-resistant 3-layer cover helps protect the finish of your vehicle from the elements. Made from breathable Noah® fabric, it combines an excellent fit with durable construction. Lock and cable available separately.
