# First Class Wheel and Tire Protection

Mercedes-Benz

## Drive with peace of mind.

You likely have a lot invested in what connects you to the road. And, that's all the more reason to give your investment some added protection against the unexpected hazards the road might throw your way. Mercedes-Benz Financial's First Class Wheel and Tire Protection will pay to replace your tires and wheels if they are damaged by a road hazard – such as a pothole, nail, tree limb or other debris. You may not be able to avoid every hazard you encounter on the road, but you can avoid the resulting expense.

# Unmatched coverage that won't leave you flat.

Your driving experience should be nothing less than first class. Whether you're paying cash, financing, or leasing a new or pre-owned Mercedes-Benz vehicle, our First Class Wheel and Tire Protection will ensure a smooth ride. This plan includes:

- All costs related to the replacement of wheels/tires (including labor, mounting, balancing, valve stems, taxes)
- Coverage for the usable tread life of the tire
- Coverage for each automobile wheel, and the tire that is mounted on it, for damage due to a covered road hazard\*
- Replacement of a wheel rim damaged due to the failure of a tire covered under your plan, if the tire fails to seal
- No limit to the number of occurrences that can be claimed

With so many benefits, our Wheel and Tire Protection plan makes your driving experience worry-free. Ask your Mercedes-Benz dealer about our First Class Wheel and Tire Protection today.

\*A road hazard is defined as a failure that occurs when a single tire fails due to a puncture, bruise or break incurred during the course of normal driving on a road maintained by state or local authority.

Please refer to your First Class Wheel and Tire Protection contract for details and exclusions. This is an optional product offered by Safe-Guard.
