Using *Mercedes me* on Amazon Alexa

Once you've linked *Mercedes me* to your Amazon Alexa, you can start issuing commands like the ones below. As we update the Mercedes me app, new commands will become available.

“Alexa, ask *Mercedes me* to lock the car.”

“Alexa, ask *Mercedes me* to send an address to the car.”

“Alexa, ask *Mercedes me* to find a café near me.”

For managing multiple vehicles, you can change your primary car by stating:

“Alexa, ask *Mercedes me* to update my primary car.”
